

Society of Antiquaries,
London, 5. July, 1850.

Dear Sir,

I am concerned to hear by your
last letter that the Numismatic Chronicle reaches
you so irregularly. I never fail to dispatch
the numbers to you as they are published.
I now send another No. of XXXVII. which
I hope will reach you safely. These losses
are the more vexations as the missing numbers
then spoils a volume. In the same way
the plates which I have sent you have been
lost, and I regret to say that I cannot make
this,

this left good, having no more by me.

It is a long time since I received a number
of your "Zeitschrift". of your Memoires I
have ~~only~~ rec^d. Nos. II. III. ^{VI. VII. VIII.} IV & V. and IX. I
never had No. 1

I am sorry you deemed my remarks on
Mr. Salomon's publication severe. I really did not
wish them to be considered as such, but merely wished
to convey to him the truth as to the kind of
reception such a work would meet with here.

I will see that your present to the Nu-
mismatic Society is duly printed in their
report.

I am

I can only deplore with you the want of facilities
for the communication of Literary and Scientific
people of different countries. I fear that
if this be sent, as you suggest, to M^{rs}.
Rollin it may be detained a long time in Paris.

You will receive with this of the Numismatic
Chronicle, N^{os} XXXVIII. XLVIII. and ~~XLIX~~ XLIX
and I trust to hear that these, together with
the few plates I enclose with them, have safely
arrived. I am, Dear Sir,

Yours very faithfully
J. N. P. Thompson

Dr. B. Köhne

St. Petersburg

I shall send this, as you suggest, through Mons.
Rollin, but I must wait an occasion.
